Fitness Partners

TRAINER APP

Trainer Console

Track active members, today’s PT sessions and workout regimes from one dashboard.

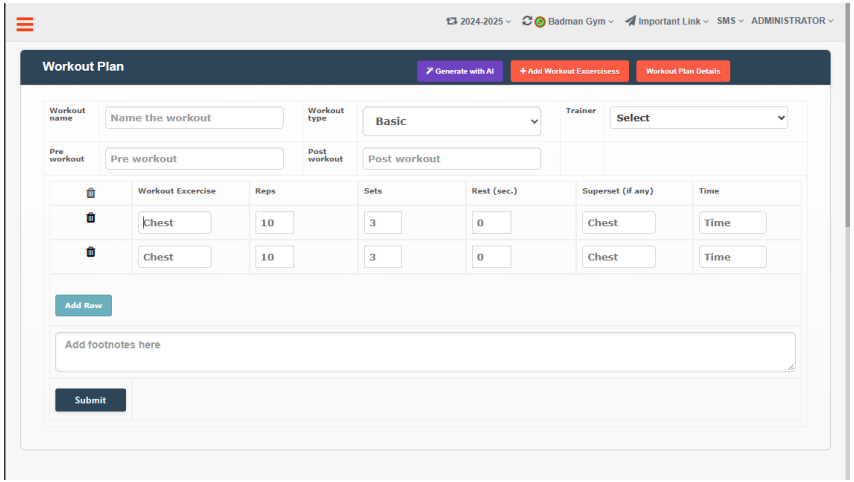

- **Active clients, PT sessions & completion rate**
- **Today’s schedule with quick check-in**
- **Quick actions: assessment, workout & diet plan**

PLANNER

Workout Plan Builder

Create structured workout plans for every member — manually or with AI.

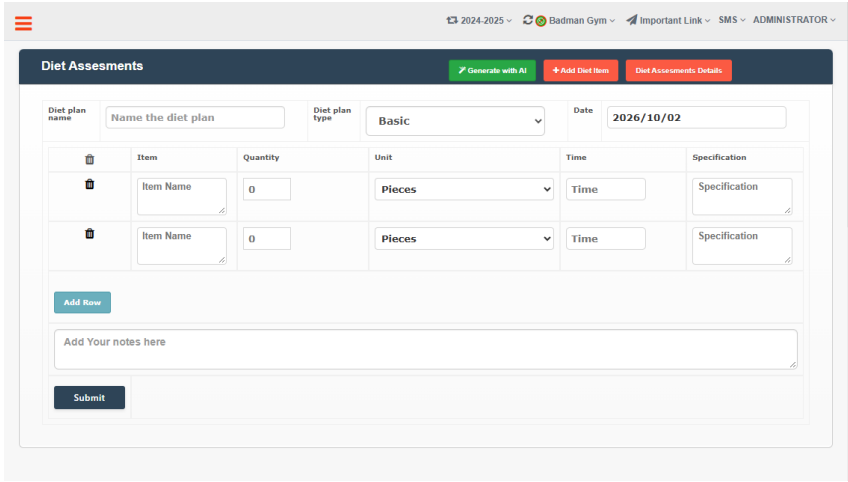

- **Exercise, reps, sets, rest & superset**
- **Pre / post workout notes & trainer select**
- **Generate with AI in one click**

DIET

Diet Assessments

Design diet plans with items, quantity, unit and timing for each client.

- **Plan name, type & date**
- **Item, quantity, unit, time & specification**
- **Generate diet plan with AI**

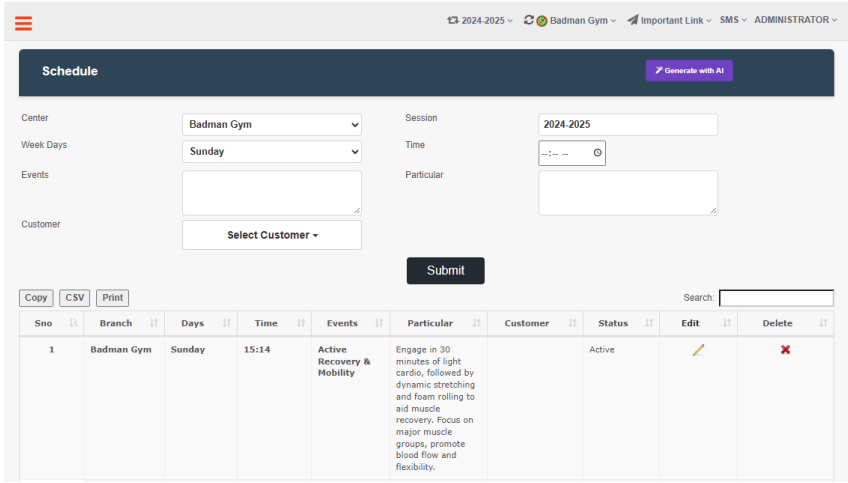

SCHEDULE

Class & Event Schedule

Plan weekly sessions and events by branch, day and time.

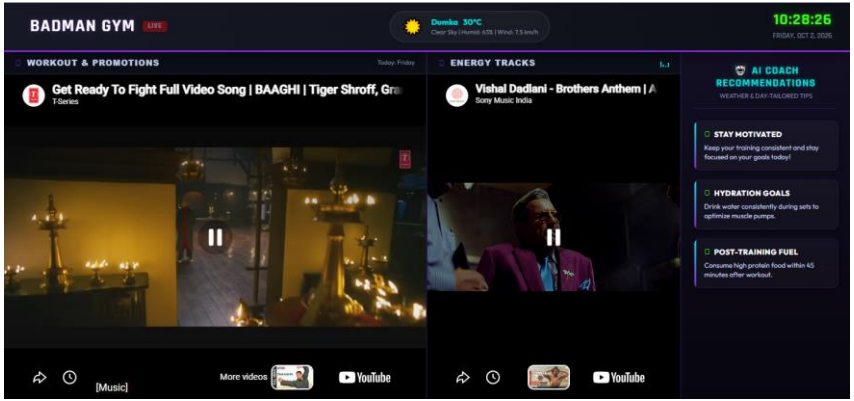

- **Branch, weekday, time & particulars**
- **Assign schedule to selected customers**
- **Copy, CSV & print exports**

DISPLAY

Digital Gym Display

A live gym screen with workout videos, music, weather and AI coach tips.

- **Workout & promotion videos, energy tracks**
- **Live clock, date & weather**
- **AI coach tips tailored to the day**
